33. Now consider the following statement, and state if you agree that this is an important reason to vote in 2018, OR if you disagree and this is NOT a reason to vote in this election. In 2018, certain politicians made attacks on the poor, immigrants and minorities part of their campaigns. They tried to divide Americans and point the finger at others to distract us, rather than talking about how their policies hand giant kickbacks to the rich, de-fund our schools, separate families and threaten seniors with cuts to Medicare, Social Security. Rather than attacks that divide, we should stand up for Americans of all backgrounds.

34. Now consider the following statement, and state if you agree that this is an important reason to vote in 2018, OR if you disagree and this is NOT a reason to vote in this election. In 2018, many Republicans made attacks on immigrants part of their campaigns. It’s obvious we need to reform our immigration policies but calling immigrants rapists and gang members accomplishes nothing. Congress should work together on bipartisan immigration reform and put the issue to rest, and address important issues like improving wages, lowering the cost of health care so we have more money in our pockets.
